

Air pollution workshop

IN BURPHAM VILLAGE HALL

THE BURPHAM COMMUNITY ASSOCIATION AND THE GLOBAL CENTRE FOR CLEAN AIR RESEARCH INVITES FOR A PUBLIC WORKSHOP ON AIR POLLUTION AND ITS MITIGATION.

12 January 10am – 1pm

Burpham village hall, 54 Burpham Ln, Guildford GU4 7LP
Participation is free. No registration needed.

The iSCAPE project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 689954

TONY TEAL

“Traffic pollution is a particular issue for Burpham. We are glad to host the Surrey’s GCARE team for this interesting workshop that will consider the value of green infrastructure and provide an insight into sensing and monitoring technologies. I am sure the workshop will prove to be both instructive and promote further enquiry.”
