# Welcome

FROM THE

## Chancellor

As Chancellor of the University of Surrey it continues to be my great pleasure to be associated with such a successful and forward-thinking institution. A particular highlight of my role is the opportunity to preside at these ceremonies and confer degrees upon students graduating each year.

You have my warmest congratulations. Your achievements have come in the face of incredibly testing and demanding challenges brought on by the pandemic, and I have whole-hearted admiration for your determination and spirit.

I sincerely hope that you have enjoyed your time here at Surrey. A university education opens the door to great opportunities, and I have no doubt that your qualification, together with the wealth of experiences you will have enjoyed during your time with us, will be of great value to you, both as you embark upon the challenges that await you in the next stage of your career and throughout your life.

I hope that you will continue to be as proud and supportive of us as we will be of you. We look forward to hearing of your achievements in the future – so do please keep in touch.

# Welcome

FROM THE

## Vice-Chancellor

▶▶▶ It gives me great pleasure to welcome you to this degree ceremony to share in the success and achievements of our graduating students. Today is a highlight of the academic year, and we are proud to share it with supportive families and friends.

There is no such thing as a universal student experience and each of our graduands has a unique Surrey story to tell and yet they are all bonded by the same experience of achieving a qualification from the University of Surrey through hard work, tenacity, and perseverance.

They will now go on to enrich and strengthen our international community of Surrey graduates, well prepared to make a difference in the world - confident of being ready for anything and equipped with qualities of critical thinking, agility and creativity.

As a UK-leading university, we are committed to delivering tangible social, economic, and environmental impact through high-quality graduates and research. The two pan-university, transdisciplinary Institutes for sustainability and people-centred AI represent our dedication to this mission. As we look forward to the future, I hope that all of our graduating students will feel proud to be associated with a university that acts as a real force for change.

Graduands - although your studies may be over, you will always be part of the Surrey community. Today you join our global family of more than 136,000 alumni, who support one another and make great contributions to society.

I wish you all the very best for the future. I hope you will leave Surrey with fond memories, lifelong friendships and a strong sense of pride. Wherever tomorrow and the rest of your life take you, remember that Surrey is your intellectual home, now and always.

# Welcome

FROM THE

## Executive Dean

▶▶▶ Our faculty brings together subjects from across the arts, humanities, social and political sciences, business and economics, to create a community that is not only dedicated to the advancement of knowledge but who are empowered to question the world around them and apply their subject skills to shape the future.

These subjects are among the most crucial in solving some of the challenging issues we face today. For example, to address climate change, we need social and political scientists to assess society and develop measures to drive changes in people's behaviour. We need writers, performers, and artists to communicate complex issues and engage the public in change, and we need experts in business to design responsible and sustainable economic models.

I joined the University as Dean in March of this year and can remember vividly coming to campus for my interview. I was struck by how students at Surrey are not only dedicated to the study of their disciplines but live and apply them to the real world.

On this short visit, I experienced hospitality students immersed in the running of our Lakeside Restaurant, witnessed our music students performing, and learnt how Law students provide free legal aid to the local community through our Access to Justice Clinic, to cite but three examples. This experience and way of learning sets Surrey graduates apart and uniquely positions them to take the next step in their lives, whether that be further study or pursuing their chosen career.

I'm proud to witness our students graduate today as knowledgeable, experienced, and resilient global citizens, ready to apply their subject skills in the real world to make positive contributions to society.

We wish all our graduands the very best for their exciting futures!

A LITTLE

# HISTORY

OVER

## 50 years OF GRADUATING STUDENTS

The University of Surrey's first degree conferment ceremony was held in University Hall at Battersea in December 1966, and some of our other early ceremonies took place in Central Hall, Westminster. When we moved to Guildford in 1966, the Civic Hall and other local locations around Guildford were used for graduation ceremonies. Since July 1970, by kind permission of the Dean and Chapter, degree conferment ceremonies have been held in Guildford Cathedral. On these occasions it is used as a secular building.

### The mace

The University mace was designed and crafted by Desmond Clen Murphy, and was used ceremonially for the first time at the Installation as Chancellor of the Rt Hon the Lord Robens of Woldingham in the Civic Hall, Guildford on Saturday 22 October 1966.

The mace is made of silver and walnut wood, with the shield of the University coat of arms on its head in colour, and with the shields of the coat of arms of Surrey County Council, Guildford Borough Council and Battersea Polytechnic Institute engraved in silver underneath. The embroidered coat of arms on the mace table, carried out in metallic thread, French knots, applied leathers and various materials, was created by Christine Habib, a former student of the Hampton School of Embroidery.

The mace was presented to Guildford Cathedral for permanent display on 13 July 1997.

### The arms of the University of Surrey

The University of Surrey coat of arms marks the University's move from London to Guildford. The woolpacks on the shield are taken from the arms of the Borough of Guildford, while the blue and gold chequers and mantling are from the arms of the former Earls of Surrey. The swords, an allusion to the arms of the City of London, are taken from the shield of Battersea Polytechnic.

The blazon of the University's coat of arms, which was granted in 1966, is topped by a stag resting its right leg on an upturned key. The stag denotes the medieval royal hunting park on which our leafy Stag Hill site has been developed, while the key is a heraldic symbol of learning.

The coat of arms is an elegant symbol of our reputation and standing.

# Academic DRESS

Every university has a distinctive set of academic robes for the degrees it awards and special ceremonial robes for the high officers of the university.

The blue brocade that features in the hoods of all our robes is unique to Surrey and distinguishes us from other universities.
