# Welcome

FROM THE

## Chancellor

▶▶▶ As Chancellor of the University of Surrey it continues to be my great pleasure to be associated with such a successful and forward-thinking institution. A particular highlight of my role is the opportunity to preside at these ceremonies and confer degrees upon students graduating each year.

You have my warmest congratulations. Your achievements have come in the face of incredibly testing and demanding challenges brought on by the pandemic, and I have whole-hearted admiration for your determination and spirit.

I sincerely hope that you have enjoyed your time here at Surrey. A university education opens the door to great opportunities, and I have no doubt that your qualification, together with the wealth of experiences you will have enjoyed during your time with us, will be of great value to you, both as you embark upon the challenges that await you in the next stage of your career and throughout your life.

I hope that you will continue to be as proud and supportive of us as we will be of you. We look forward to hearing of your achievements in the future – so do please keep in touch.

# Welcome

FROM THE

## Vice-Chancellor

►►► It gives me great pleasure to welcome you to this degree ceremony to share in the success and achievements of our graduating students. Today is a highlight of the academic year, and we are proud to share it with supportive families and friends.

There is no such thing as a universal student experience and each of our graduands has a unique Surrey story to tell and yet they are all bonded by the same experience of achieving a qualification from the University of Surrey through hard work, tenacity, and perseverance.

They will now go on to enrich and strengthen our international community of Surrey graduates, well prepared to make a difference in the world - confident of being ready for anything and equipped with qualities of critical thinking, agility and creativity.

As a UK-leading university, we are committed to delivering tangible social, economic, and environmental impact through high-quality graduates and research. The two pan-university, transdisciplinary Institutes for sustainability and people-centred AI represent our dedication to this mission. As we look forward to the future, I hope that all of our graduating students will feel proud to be associated with a university that acts as a real force for change.

Graduands - although your studies may be over, you will always be part of the Surrey community. Today you join our global family of more than 136,000 alumni, who support one another and make great contributions to society.

I wish you all the very best for the future. I hope you will leave Surrey with fond memories, lifelong friendships and a strong sense of pride. Wherever tomorrow and the rest of your life take you, remember that Surrey is your intellectual home, now and always.

## Executive Dean

Faculty of Health and Medical Sciences

►►► Thank you all for being part of Surrey and lifelong members of The Faculty of Health and Medical Sciences. The faculty supports you, as part of our inclusive and international community, to develop the knowledge and professional skills that you need to realise your ambitions. On this graduation day, we celebrate your hard work and achievements. Congratulations.

The past few years have been very difficult for all of us, and we celebrate your successes given the challenges you have all faced. During your academic study and practice-based learning, you will have benefitted from the opportunities afforded to you. During your course you will have developed your ability to think critically and think differently. Through research projects, you will have worked alongside our academic staff, key leaders in their fields, to uncover new knowledge and learn about the importance of communicating scientific findings for the benefit of society.

Your approach to work and study will be founded on strong ethical principles. We are enormously proud of all our graduates; you are making a difference and driving impact in health and wellbeing all around the world. For those of you who have been on placement, worked in or volunteered to support our healthcare systems during the pandemic, we are immensely proud of you. Your effort will have made a difference to all those around you, thank you!

As a graduate from the faculty, please keep in touch with us and share your life journey. We aspire to continue our relationships with our alumni into the future and encourage you to play a role in shaping our graduates of tomorrow.

I am delighted to offer my heartfelt congratulations to all our students who are graduating today from the Faculty of Health and Medical Sciences. I wish you fulfilment and success in your future chosen careers.

Faculty of Engineering and Physical Sciences

▶▶▶ On behalf of my colleagues in the Faculty of Engineering and Physical Sciences it is a great pleasure to welcome graduands and their guests to the degree ceremony today.

On behalf of my colleagues in the Faculty of Engineering and Physical Sciences it is a great pleasure to welcome graduands and their guests to the degree ceremony today.

We are immensely proud of the care that we take in developing and delivering our taught courses, which are designed to educate, inspire and equip graduates with the professional skills and knowledge to make a real difference in the world of the future.

In research, our achievements in the fundamental sciences are matched by the enterprise with which our researchers apply their ideas in practice – inventions such as the ubiquitous strained-layer quantum-well laser, which is at the heart of many devices, such as Blu-Ray drives and barcode readers - began life at Surrey.

As experts in the development and application of science, we interact with industry at every level, from our specialist research centres to our much-admired Professional Training placements and practitioner doctorates. Our close industry links and excellent facilities make it possible for our students to work side-by-side with businesses to make breakthroughs in fields as diverse as artificial intelligence, clean air, electric vehicles, energy, jet engine design, lasers and their applications, mobile telecommunications, security, small satellites, sustainability and water purification.

Our biggest achievement, however, is our highly effective graduates who can take what they have learned and the values that we have instilled, into whatever career they choose and thus benefit society, whilst achieving personal aspirations. We are exceptionally proud of the way our students have persevered through the challenging and often uncertain times during the last few years; they have shown a great resilience, which I am sure will stand them in good stead for the future. A heartfelt Congratulations to all our graduates today.

We are looking forward to seeing where your experience at Surrey takes you and please stay in touch. You will always be part of our family.

GRADUAND

## Professor Lisa Roberts – Ceremony E

Vice-Chancellor and Chief Executive Professor Lisa Roberts took up her post at the University of Exeter on 1 September 2020. Prior to this, Professor Roberts was Deputy Vice-Chancellor: Research and Innovation at the University of Leeds where she led on the development of the University's research and innovation strategy. During this time she led significant increases in the income, quality and impact of research at Leeds. She also led a major step change in how the University worked with business, from start-ups to large corporates; launching a new innovation hub and leading a city-wide team of senior city stakeholders through the MIT Regional Entrepreneurship Acceleration Programme (REAP). Before joining Leeds, Lisa was Executive Dean of the Faculty of Health and Medical Sciences at the University of Surrey, leading the Schools of Bioscience and Medicine, Psychology and Health Sciences. During this time she also developed and launched only the 8th School of Veterinary Medicine in the UK and developed a successful One Health Strategy with external partnerships being key to its success.

Professor Roberts is a Professor of Virology, having studied for her PhD at the BBSRC Institute for Animal Health (now the Pirbright Institute) and the University of Kent. Earlier in her career, she worked as a Product Development Manager for Procter and Gamble in the UK and Belgium.

She is a Board Member of the Russell Group, Jisc and Universities UK. Regionally, she is an inaugural Commissioner for the South-West Social Mobility Commission, and Board Member of the Heart of the South West Local Enterprise Partnership, the GSW Partnership and the Liveable Exeter Place Board. In May 2022, Lisa was appointed by the Minister of State for Further and Higher Education to chair a working group dedicated to tackling the issue of spiking attacks against students, bringing together vice-chancellors, police, campaigners and victims to produce plans for practical action to help keep students safe.

A LITTLE

# HISTORY

OVER

## 50 years OF GRADUATING STUDENTS

The University of Surrey's first degree conferment ceremony was held in University Hall at Battersea in December 1966, and some of our other early ceremonies took place in Central Hall, Westminster. When we moved to Guildford in 1966, the Civic Hall and other local locations around Guildford were used for graduation ceremonies. Since July 1970, by kind permission of the Dean and Chapter, degree conferment ceremonies have been held in Guildford Cathedral. On these occasions it is used as a secular building.

### ▶▶▶ The mace

The University mace was designed and crafted by Desmond Clen Murphy, and was used ceremonially for the first time at the Installation as Chancellor of the Rt Hon the Lord Robens of Woldingham in the Civic Hall, Guildford on Saturday 22 October 1966.

The mace is made of silver and walnut wood, with the shield of the University coat of arms on its head in colour, and with the shields of the coat of arms of Surrey County Council, Guildford Borough Council and Battersea Polytechnic Institute engraved in silver underneath. The embroidered coat of arms on the mace table, carried out in metallic thread, French knots, applied leathers and various materials, was created by Christine Habib, a former student of the Hampton School of Embroidery.

The mace was presented to Guildford Cathedral for permanent display on 13 July 1997.

### ▶▶▶ The arms of the University of Surrey

The University of Surrey coat of arms marks the University's move from London to Guildford. The woolpacks on the shield are taken from the arms of the Borough of Guildford, while the blue and gold chequers and mantling are from the arms of the former Earls of Surrey. The swords, an allusion to the arms of the City of London, are taken from the shield of Battersea Polytechnic.

The blazon of the University's coat of arms, which was granted in 1966, is topped by a stag resting its right leg on an upturned key. The stag denotes the medieval royal hunting park on which our leafy Stag Hill site has been developed, while the key is a heraldic symbol of learning.

The coat of arms is an elegant symbol of our reputation and standing.

# Academic DRESS

Every university has a distinctive set of academic robes for the degrees it awards and special ceremonial robes for the high officers of the university.

The blue brocade that features in the hoods of all our robes is unique to Surrey and distinguishes us from other universities.

*Ede & Ravenscroft*

## GRADUATE ROBES

### Undergraduate and masters degrees

Graduates wear a black gown and a black cloth mortar board. Hoods are usually fully lined with blue brocade and vary in design depending on whether the award is undergraduate or postgraduate.

### Diploma and certificate awards

Diplomates wear a black gown and a black cloth mortar board. Postgraduate hoods are fully lined with blue brocade, with a plain white trim. Undergraduate hoods have a blue brocade and plain white trim.

Example colours

### Doctorate awards

Gowns are in cardinal red with blue brocade on the front facings. The hoods are cardinal red, fully lined with University brocade and have a ribbon trim rebated from the outside edge of the hood. The hat is a black cloth bonnet with red cord and tassels, with the exception of Doctors of Letters, Science and Medicine where the cord and tassels are gold.

The colour of the trim on the hoods denotes the type of degree:

**Bachelor and Master of Arts, Doctor of Letters** - Red ribbon

**Bachelor, Master and Doctor of Education** - Green ribbon

**Bachelor, Master and Doctor of Engineering** - Grey ribbon

**Bachelor and Master of Laws** - Purple ribbon

**Bachelor and Master of Music** - White brocade

**Bachelor, Master and Doctor of Science** - No trim

**Bachelor of Veterinary Medicine** - Pale yellow ribbon

**Master of Business** - Ruby ribbon

**Master of Chemistry / of Computing / of Mathematics / in Physics / in Science (MSci)** - Pale blue ribbon

**Master and Doctor of Business Administration** - Gold ribbon

**Master of Fine Arts** - Strawberry ribbon

**Master of Research** - Apricot ribbon

**Master of Philosophy** - Blue brocade lining extending to the outside edge of the hood

**Doctor of Clinical Practice** - Turquoise ribbon

**Doctor of Medicine** - Burnt orange ribbon

**Doctor of Philosophy** - No ribbon trim

**Doctor of Psychology** - Pale blue ribbon trim rebated from the outside edge of the hood.

## HIGH OFFICER ROBES

The robes of the high officers have different designs and varying amounts of gold ornamentation.

### Chancellor, Pro-Chancellors and Treasurer

Robe of blue brocade edged with gold lace around the facings and on the hem, with various amounts of additional ornamentation. The hat is a black velvet mortar board with a gold button and tassel.

Chancellor

Pro-Chancellors

Treasurer

### President and Vice-Chancellor

Robe of black silk ottoman with blue brocade trim on the facings and some gold ornamentation. The hat is a black velvet mortar board with a black button and tassel.

### Chief Operating Officer

Robe of black silk ottoman with blue brocade trim on the facings. The hat is a black velvet mortar board with a black button and tassel.

### Chair of Council

Robe of black silk ottoman with bell-shaped sleeves edged with gold oak leaf lace, ornamented by a short gold cord with a gold button. The hat is a black velvet mortar board with a gold button and black tassel.

### Mace-bearer

Gown of black cloth with shoulder wings and sleeves edged with blue brocade. The hat is a black cloth bonnet with a blue cord and tassel.
