

# GRADUATION

## CEREMONIES

APRIL 2023

**IRINA TSYGANOK**  
BSc COMPUTING AND INFORMATION TECHNOLOGY

*“Surrey's the best choice I ever made.”*

**FARYA MUBARIK**  
BSc NUTRITION

*“I've become more mature and a lot more confident about my work, and I've grown as a person.”*

**SAI SAVE**  
BSc BIOMEDICAL SCIENCE

*“I'm forever grateful to Surrey for giving me so many new opportunities. I've made many memories here.”*

**SERENA LARRIER**  
LLB LAW WITH CRIMINOLOGY

*“I've thoroughly enjoyed my time at Surrey! I was able to develop more than just my academic ability by constantly building on my personal qualities too. I've created lifelong memories, had a chance to study abroad and was given invaluable opportunities to network with Surrey alumni. The latter in particular helped me launch my career.”*

# HIGHLIGHTS

Graduation means celebration and reflection. It is an opportunity to look back on our achievements as we move into a future that is filled with exciting developments.

**“In an increasingly competitive graduate jobs market, a degree from the University of Surrey opens doors.”**

*Alastair McCall, Editor of The Times and The Sunday Times Good University Guide.*

## ▶▶▶ Graduate Support

As a University of Surrey graduate you are entitled to careers appointments for up to three years after you complete your studies. You also get lifetime access to Surrey Pathfinder’s interactive development tools.

## ▶▶▶ University of the Year Shortlisted

The University of Surrey has been awarded a prestigious shortlisting for The Times and The Sunday Times Good University Guide 2023. The award recognises overall strengths across disciplines, including rankings, student satisfaction and graduate employability. Our overall success across the league tables points to many factors, like our successful Professional Training Year, placement schemes and the excellent support provided by our Employability and Careers team.

## ▶▶▶ 21st Century Skills

We aim to send our students into the world with the skills that can help transform it. Led by the University of Surrey, The Centre for the Understanding of Sustainable Prosperity (CUSP), has called for urgent deployment of new skills to lower carbon rates in supply chains across the UK economy. CUSP’s recommendations include increased investment in renewable energy, building insulation, electric vehicles and public transport. CUSP is also focusing on low carbon industrial clusters that reduce emissions from industry, generate jobs, improve productivity, attract private investment and power up the new skills we need for the UK of the future.

## ▶▶▶ Launch of the new Surrey Institute for Sustainability

We aim to use our research to create a fairer world, from the development of better renewable energy sources, to the creation of an alternative to GDP that saves capitalism. We seek a wellbeing economy which recognises that quality of life depends not on material consumption (above a minimum sufficient level) but on the quality of our social relations and the environment in which we live.

The University has also introduced one of the country’s first interdisciplinary undergraduate programmes in Environment and Sustainability.

## ▶▶▶ Saving Space

Researchers at Surrey Space Centre (SSC), have pushed the boundaries of space engineering by developing creative solutions to remove dangerous debris from Earth’s orbit, making space a safer place. SSC has also been instrumental in developing Earth observation satellites that are used in disaster response, agriculture and urban planning.

## ▶▶▶ Brand new Medical Degree

Surrey will be offering a four-year, graduate-entry bachelor’s degree medical programme, welcoming our first cohort in 2024. Professor G Q Max Lu, President and Vice-Chancellor of the University of Surrey, said:

“I’m so proud that the University of Surrey has begun its journey to train highly-skilled medical doctors. We already have an exceptional reputation for training high-quality health professionals and conducting world-leading research (as evidenced by REF 2021).”

A LITTLE

# HISTORY

OVER

# 50 YEARS

OF GRADUATING  
STUDENTS

The University of Surrey's first degree conferment ceremony was held in University Hall at Battersea in December 1966, and some of our other early ceremonies took place in Central Hall, Westminster. When we moved to Guildford in 1966, the Civic Hall and other local locations around Guildford were used for graduation ceremonies. Since July 1970, by kind permission of the Dean and Chapter, degree conferment ceremonies have been held in Guildford Cathedral. On these occasions it is used as a secular building.

# SHARE YOUR SUCCESS

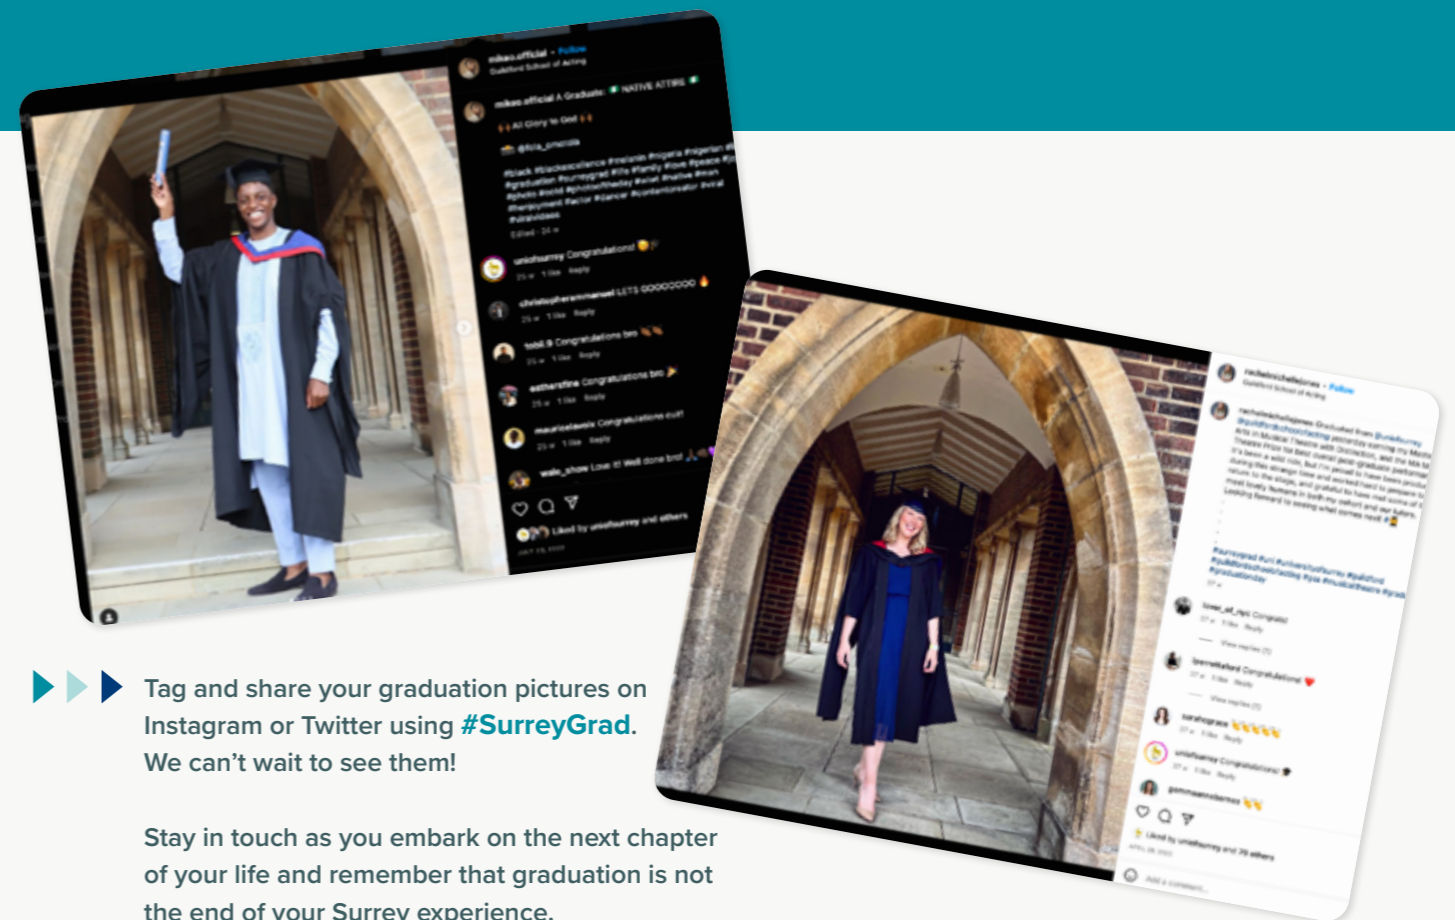

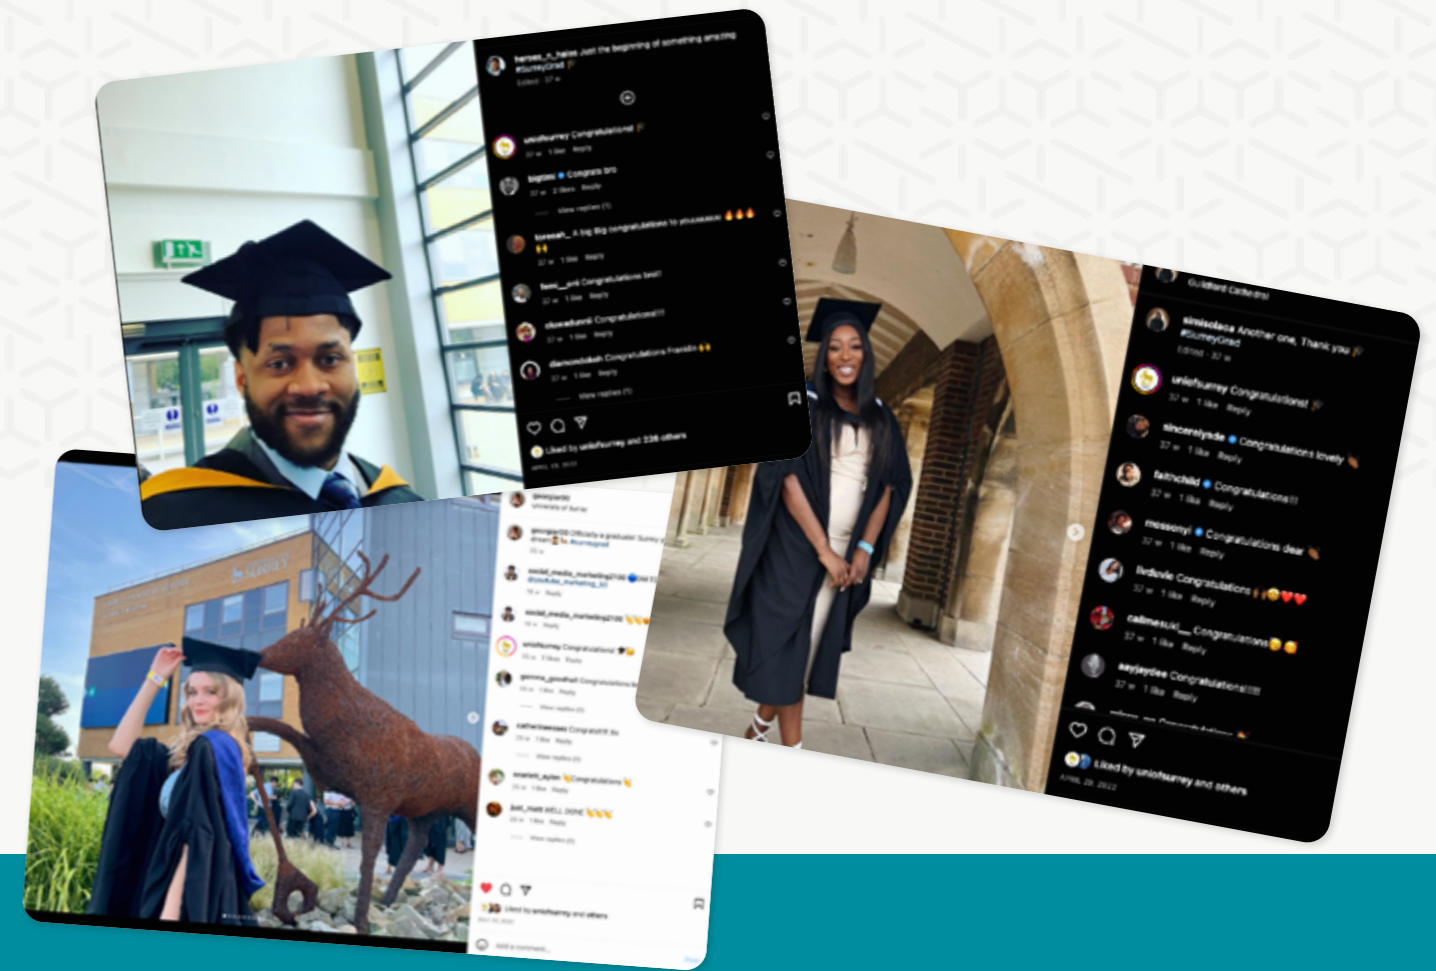

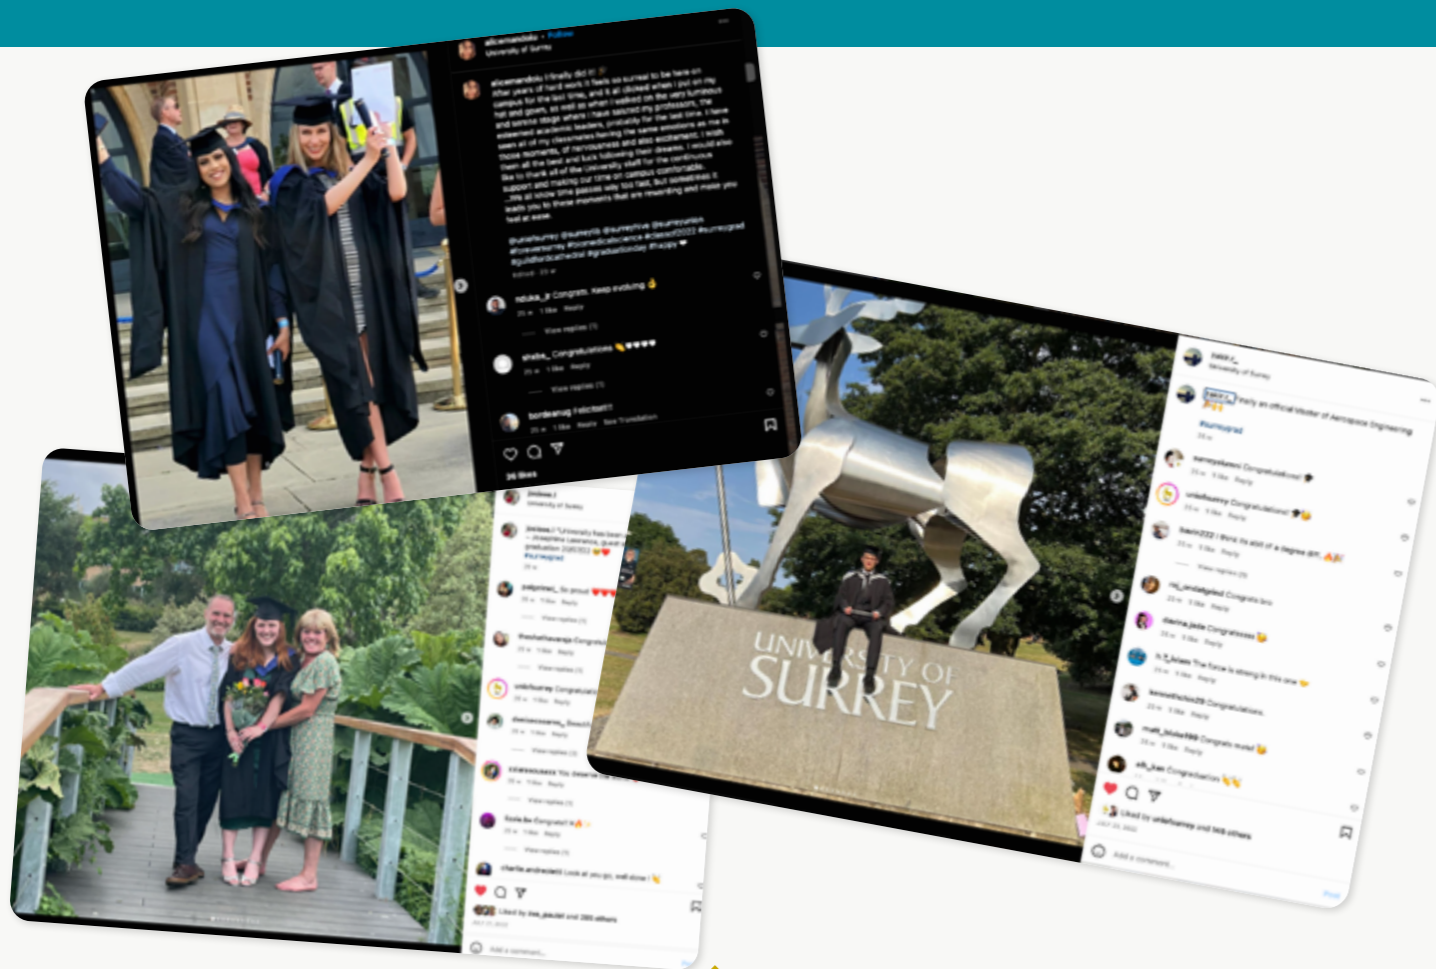

YOUR GRADUATION IS A DAY TO CELEBRATE EVERYTHING THAT YOU HAVE ACHIEVED THROUGHOUT YOUR TIME AT UNIVERSITY.

PRESERVE YOUR MEMORIES OF THIS UNFORGETTABLE DAY BY SHARING YOUR SPECIAL GRADUATION MOMENTS WITH US ON OUR SOCIAL CHANNELS.

Here's a selection of our favourite
